

CYP EARLY STAGE T1D NATIONAL NETWORK GROUP

Date Friday 3rd July 2026

Time 11:00 – 13:00

MS Teams

Launch meeting details:

This network group aims to create a clear mechanism for distributing information from and supporting the operationalisation of the BSPED workstreams and research studies, via Clinical Champions and the Regional Early Stage T1 Diabetes Nurses specialty leads into their respective CYP Diabetes Networks and national specialty groups, with support from Network Managers.

Moving forward, each meeting of the EST1D National Network Group will include time for individual network updates from Champions, identification of education gaps, case-based presentations and clinic set up discussions.
