**Section 4: Glucose and ketone monitoring**

Educator name:
Assessment date:

*Session structure standards:*

	<b>As outlined in the curriculum, did the educator:</b>	<b>Yes</b>	<b>No</b>	<b>Comments</b>
1.	Review the traffic light self-assessment from the previous session and identify whether any areas need revisiting			
2.	Ensure that all activities within this section of the workbook were completed			

*Educator engagement standards:*

	<b>Did the educator:</b>	<b>Yes</b>	<b>No</b>	<b>Comments</b>
1.	Encourage the family to ask questions and talk about their worries and concerns			
2.	Regularly check the child and family's understanding of the information presented to them			
3.	Listen and respond to the child and family's comments and questions			
4.	Encourage the family to come up with their own ideas of how to live with diabetes			
5.	Deliver the session at a pace that supported effective learning for the child and their family			
6.	Include the child in the education as appropriate			

*Overall assessment:*

		<b>Yes</b>	<b>No</b>
1.	At least 50% of the standards were met		
2.	If less than 50% of the standards were met, a realistic action plan has been developed to address this
