Notes	<p>Attendance and Apologies as above.</p> <p><b>First Year of Care sub group update</b> – Collected FYOG timelines and pathways and collected common themes and begun to create pathway and timeline. Currently up to 9 months care. Aim to complete timeline today and discuss distribution.  <b>Action: If anyone in this group would like to trial the timeline, please contact ES</b></p> <p><b>DKA sub group update</b> – Looking at creating resources aimed at lowering DKA rates. Linked with DUK. Links with DUK 4T's campaign. Suggested to regional networks to have a workstream on DKA in their networks and have a method for monitoring local DKA rates over time.</p> <p>2 resources being developed. 1 PowerPoint slides for self-directed learning to be sent to GP's with key info on diagnosing CYP with diabetes. Another an education package to be delivered in person by presentation. The group is planning to look at this at a future group meeting.</p>																															
Actions	<b>DKA Subgroup:</b>																															

**National Children and Young People's

*DKA to discuss – e-learning, recent literature review*

Adobe Acrobat  
Document

MM shared the 'Diabetes in Children Don't Miss the Diagnosis' presentation aimed at doctors and nurses in primary care.

The idea is to email the slides to GPs to give key points on diabetes. Updated some wording last meeting. Contacted Yvonne Brown who was happy for us to have DUK logo. Once more developed we will approach RCGP, RCPCH and NPDA for adoption.

The PowerPoint could also be used by health visitors and school nurses. MM changed the working of the slides.

Next steps: Email round to other network members and GPs for review.

To create survey monkey form for feedback

Discussed the DKA audit. Currently paused due to IG issues around postcode.

- Change free text comments at end to ensure this free text is based on previous question only – *Comments on where different actions may have led to earlier diagnosis?*
- IG stated that postcode field would require their involvement
- Decided to remove postcode completely
- Promote the audit in January regional meeting and look at data received so far

Literature review - ?progress, Pippa not present to update. Nicky will liaise with Pippa and share out remaining papers

**Actions:**

- ❖ **JM** to contact Maria Dyban regarding slide set and then **CM** to review slide set
- ❖ **MC** to arrange and interim meeting to look at training module slides in more detail once Carole has completed her review
- ❖ **MM** to compile survey monkey questions for **JM** to create forms
- ❖ **JM** to send slide set to GP's (Marlon Morais (to circulate to their local GPs in Manchester), and to West Cheshire GPs (via MM/Charlotte Rowland), NW Clinical Leads and Aim 1 Year of Care Subgroup members
- ❖ **JM** to update DKA data collection form by removing postcode ready to launch on 1 November 2022
- ❖ **JM** to design a 'DKA Prevention at Diagnosis' landing spot on website in 'Education Resources'
- ❖ **MM** to write email to send to Network Leads/Chairs with update on NW audit approach
- ❖ **JM** to email group in 1 month to chase up literature review status
- ❖ **NM** to email PB to see where she is at with literature search and to then share out papers with MM, CM and PB for review – for each paper/abstract aim for 1) brief summary of intervention 2) brief summary of outcome
- ❖ Once complete approach YB (DUK) to see if they could link to the resource from their website

**First Year of Care Subgroup:**

During the meeting the members of the FYOC sub-group discussed aims and objectives, out patient clinics and core clinic components to add to the timeline.

**ES** to make the above amendments and recirculate to the working group
