	Kate Wilson		Network Manager	East of England
Actions	<ul style="list-style-type: none"> Action: ES to contact virtual college and feedback to group via email Action ES to circulate competency document Action: ES to invite Bath team to next meeting to discuss Action: AS to take to dietetics meeting for review of what would need adding 			
Agenda	Welcome			
	MFA welcomed all to the meeting and gave relevant apologies.			
Digibete Interative Care Plan				

**National Children and Young People's
Diabetes Network
National Delivery Plan - Aim 1
Aim 1 – Schools, Social Care and System Integration Subgroup - Wednesday
26th June 2023
Via Microsoft Teams**

- MJ gave an update on progress on digital school care plan.
 - Font sizes issues addressed and digital HCP now much more readable.
 - Email of school field added.
 - Mandatory fields added for certain items, i.e. Name, DOB etc
 - Clinic name and telephone will be now automatically pulled through from the portal if available.
 - Hyper flow chart reworded.
 - Details for school trips, exams and vaccinations added.
 - Invite email to parent and carers will now expire after 1 week instead of a few days.
 - Link will now include helpful document explaining what the School Care Plan is.
 - Walkthrough guide on clinic portal.
 - Discussion around families not having a laptop and whether can be completed on a tablet/phone. MJ – May not format correctly using mobile devices.
- Many teams have not implemented yet due to admin pressures

Update and discussion on National Network e-Learning package for Schools

Group members met twice in 2022 to discuss the current content package of the modules. These edits were summarised and sent to virtual college for a quote. Current update, awaiting funding to progress with changes via virtual college in collaboration with JDRF.

MJ attended the meeting to share with the group a new idea for the e-learning for schools. An opportunity to recreate using the same resources and changes suggested but hold the training on a URL created by DigiBete.

The group had a discussion around pros and cons. Conclusion:

- Virtual college hold copyright to platform – ES to query
- Lots of work done reviewing current platforms content for potential update.
- Concerns raised around having DigiBete host all these systems.
- Variation of usage of DigiBete and concerns raised on access for the units not using.
- No decision made on this. The offer has been presented to the group for comment.
- Awaiting Virtual College response on whether they can match previous funding.
- **Action: ES to contact virtual college and feedback to group via email.**

Safeguarding Tools

- Shared experiences
 - Tragic case from Bath where child with diabetes died. Stresses importance of collaboration with social care. Need for social care on this group but struggling with engagement.
