Road map proposal 2024:

Quarter 1 – Jan to March to define the working areas of the group

Quarter 2 – April – June to evaluate the current literature and guidelines

Quarter 3 – July – Sept consensus and guideline review

Quarter 4 – Oct – Dec consultation and external review

- Aims and objectives:
 - Draft scope template developed – small task and finish groups to be established to work on various areas and bring the info to the next meeting
 - Group discussed the content of the scoping template and two members of the group namely AS and CS to review this document with any suggested changes or additions
 - Decided to work on T1 diabetes initially with aim to look at other forms of DM later in the group's timeline.
 - Clinical questions included - Who should be screened? How often? What tools are recommended? Who should be screening?
 - **Action: AS & CS to finalise scoping template and circulate**
